DISTANCE IMMATERIAL

In a Metropolitan City of this size, death knocks every
thirty minutes at some door. Too often that death
not only brings sorrow, but misfortune as well. Let the
price you pay for a funeral be a business proposition and
you will benefit by it in service, quality and cost to you
in dollars and cents. The result of my campaign has
built for me one of the largest and most magnificent
establishments in the world.

A visit will convince you.

Light from a modern

Light from an out-of-date
Flat Flame Gas Light

If You Had Your Choice of Two Diamonds

and you took the single-carat yellow stone instead
of the ten-carat white stone—the squirrels would
be looking for you.

And the same squirrels will camp on your trail—for the
same reason—if you persist in using flat flame burn-
ers instead of mantle gas units to light your premises.

The sketches at the top show the relative proportion of
the volume of light from the two units—

The Amber Glow Mantle Light (No. 1)

The Flat Flame (No. 2)

Don't take chances with the squirrels—ask us to replace
your out-of-date flat flames with Amber Glow
Lights—and get five times the light for less money.
